 Passenger, 7:30 A. M.

Advertisers entitled to one or more copies of the program, while the same are in a line for the excess for each insertion. This rule will be rigidly enforced.

Those wishing the Journal delivered in Jeffersonville, Ind., can leave their orders with Mr. Miles, at Adams Express office.

The gentlemen of the several wards whose names are below will, as soon as possible, report the amounts to the treasurer. It is all-important that the committee of arrangements should know the amount of collections soon. We hope there will be no delay in this.

**Committee of Arrangements for the Celebration.**—Col. M. Mundy, T. Gibson, Maj. Philip Speck, John Tompkins, Wm. Terry, Treasurer.—C. N. Ward, J. W. Murphy, G. F. Barth.

Second Ward.—J. W. Osborne, A. Strader, John M. Vaughan.

Third Ward.—G. H. Finch, R. J. Elliott, P. Winkler.

Fourth Ward.—S. S. Sneed, J. M. Monahan, Wm. Terry.

Fifth Ward.—W. D. Evans, J. B. Walker, D. F. Hogan.

Sixth Ward.—W. H. Granger, Wm. Kendrick, J. Malone, Sr.

Seventh Ward.—G. B. Baxter, And. Graham, T. J. Griffiths.

Eighth Ward.—Samuel Browning, Daniel Springer, J. B. Smith, J. B. Smith.

Ninth Ward.—John Graham, Paul Villier, L. R. Smith.

Tenth Ward.—J. J. Lore, J. W. Story, John Shaw.

Eleventh Ward.—J. G. Orrell, H. Woolford, Phil. Knecht.

**THE STATE FAIR.**—The weather yesterday morning at the opening of the second day's exhibition was all that could be desired. A veil of clouds obscured the sun and a pleasant breeze made the upper walks of the amphitheatre delightful for promenade. As the day was devoted to thoroughbred horses, many of the most celebrated stock-raisers and turfmen of the State were present, and the attendance of visitors was largely increased. At about 11 o'clock, however, it commenced to rain, which disappointed many parties who had not taken the early cars to leave the city.

The first ring of the day was for thoroughbred Stallions, four years old and upward. Three fine animals competed, and Capt. M. Pennington won the premium with Nuncio, an old animal of fine pedigree and well known to the turf. The certificate was awarded to Mr. T. M. Miller, of Spencer county.

For Stallions three years old and under four, Thomas Barry, of Tennessee, took the premium and certificate.

For Stallions two years old and under three, Gibson Mallory, of Jefferson, took the premium, and E. M. Blackburn the certificate.

Mr. Mallory has secured his first prize in the State Fair, and in return for the compliment we wish that "Jim," as he will be called when spoken to familiarly, may be the progenitor of a long line of kings of the turf, and that, as a distinguished lingual punster used to say, he may be "yapropriaque maribus."

For Stallions one year old and under two, Gibson Mallory received the premium, and Captain Pennington the certificate.

There were several entries in the aged mare rings, and the premium was taken by Gibson Mallory's "Ella," who from her colthood through over a score of years, has never failed to win when she competed in a ring. She looks remarkably like the famous "Old Hen" which was awarded the certificate for another fine animal.

For mares between three and four years old, Philip Swigert took the premium and certificate.

For mares between two and three years old, Dr. T. Drane, of Henry, took the premium, and Dr. King the certificate.

For sucking mares, one and two years old, M. D. Gregory received the premium.

For sucking mares, one and two years old, J. J. Brown, of Winchester, took the premium.

For the best pair of broke mares, Luke Henry, of Henry, took the premium, and Martin Brown the certificate.

For the best rider under eighteen and over twelve, the contest was very beautiful between five riders. George W. Shockey, of Louisville, obtained the premium, and Russell Bailey, of Woodford, the certificate. All the lads were fine riders, and mounted on as fine steeds as ever had a girl's tightened around them.

Newton Bright, or O. H. Burbridge took premiums for mules, the rings being thirty feet. It seems as if Uncle Sam had monopolized all this kind of stock.

The Speed Rings will be the very exciting, and there was some admirable trotting. The premiums were the Galt House Stake of \$100, for stallions four years old and upward, and Moody & Young's \$50 stake for pairs of buggy geldings. The awards and prizes are not to be declared until Saturday, when all the competing animals will be exhibited in the amphitheatre.

To-day's exhibition is devoted to harness racing, except for animals under two years of age, and two additional rings will be made for the first rockaway and mare and rockaway and gelding, \$200 premium for each.

The Speed Rings will be for the Louisville and Jefferson County Association premium of \$75 for mare four years old and upward, and the Hotel de France premium of \$40 for buggy mares four years old and upward. We hope to see a continued good attendance if the weather is pleasant, for the interest of the exhibition increases daily.

We invite attention to the law card of Grigby and Robinson in another column.

The firm is a most trustworthy and able one. Colonel Grigby, who has done gallant and honorable service in the field, is a lawyer of the highest ability, and of fine humor. General Robinson is a man of fine character, and a most efficient officer. The firm is a most trustworthy and able one.

Wood's Theatre.—The engagement of Miss Marian MacCarthy and Mr. Felix Vincent continues to be highly successful. The pleasing comedies of the former and the fine humor of the latter are very attractive. This evening the performances will consist of the comedy of the Married Rake and the drama of Ireland as it Was. A new drama, written by the author of the "Organ Grinder," in which these artists have been created a great impression, will shortly be produced.

A letter from Capt. T. A. Hanna, dated Clarksville, Tenn., Sept. 10th, says he has abandoned the steamer Atlantic No. 2, and engaged a steamer of the same name, and the accident has not yet reached our city, but the numerous persons who shipped upon her will probably learn more in a few days. The Captain says he will endeavor to store the freight at Canton and London, from which we infer that he is not a total loss, though the cargo saved may be that of the barges which she had in tow.

The State Fair.—It has been frequently suggested that the pony riding ring be re-opened, and at an early date during the fair. The President, Col. J. B. Smith, has been called upon by several ladies and gentlemen who have made the request. Would it not be proper and instructive to have it repeated?

# NOTICES OF THE DAY.

**THE STATE FAIR.—Floral Hall.**—The display in Floral Hall, at the Fair Grounds, is large and varied, and the collection of flowers and plants under which that department has labored. The collection of flowers and plants is rare and varied, and are well worth an examination by visitors to the Fair. We noticed particularly several species of pears, whose luscious sweetness and rare beauty completely charmed the eye. The Buena and Swain's (orange pear) are among the finest and largest qualities, and are perhaps the most palatable of all that species of delicious fruit. The specimens on exhibition are fair ones, and convey a knowledge of their sweetness and inviting flavor. Apple of every variety are to be seen. The Gloria Mundi is the largest apple grown, we believe, and of this there are some very fine specimens. The Maiden's Blush is just what its name signifies—a beautiful, blushing fruit that reminds one sweetly, forcibly of the blooming face of bright, young girlhood. We are telling how it looks, but we do not taste it, but are induced to believe that there the simile would stop, no matter how inviting and palatable the fruit. Of peaches there was a very great variety of samples; but we were not so well pleased with the display of this much-loved fruit as in all the other articles in this department. We have seen greatly superior specimens of fruit on exhibition at Floral Hall. This little omission is more than fully compensated for in the display of other equally as desirable fruits.

There is a choice collection of plants and flowers to be seen in pots, and formed by soft incense, all the surrounding air with sweetness and purity. Space, which is in these times so precious to the exhibitor, is here used to great advantage; and the display is so arranged that the eye is not fatigued by the abundance of the display.

The U-stairs is not less imposing than the exhibition in the lower story. One of the most interesting exhibits is the case of wax-works of Mrs. Robinson, of Philadelphia. The world cannot beat it. There is luscious fruit of various descriptions, grapes, apples, peaches, melons, plums, &c.; oysters that look fresh and good enough for an epicure to eat with great satisfaction; potatoes and corn, and natural that it is almost impossible to detect the difference with the eye; half-opened flowers that looked as fair and blooming as if just plucked from some soft-scented garden where roses bloom the year round. We have never witnessed any display of the kind that could compare with this beautiful design and work of art.

A variety of specimens of needle-work, from the hand of the accomplished and elegant Mrs. C. Bradford, attract much attention. This lady's education in this particular and practical work is such that it is almost impossible to find fault with her work. The number of quilts are displayed. All are pretty and neat. One, with a life-like portrait of George Washington worked in the center in a similar manner, representing a well-defined eagle in the center, pleased everybody. We never saw a quilt so well worked of the kind executed in a superior manner.

The exhibition to-day will be more extensive than yesterday, and that drew forth remarks of pleased wonder from every visitor. This, the greatest attraction of all fairs to a large portion of those who attend, has not been neglected, but gives evidence that the fair is a success. The display has cultivated taste and refined judgment.

The fifty dollar set of furs are in the second story in the hat case of Prather & Smith, who will permit any one wishing to examine them.

**News from Rosecrans—Reported Battle.**—The Nashville Press, of yesterday, says: "A gentleman who left Bridgeport at eight o'clock on yesterday, informs us that it was reported there and generally believed that there had been severe fighting with the advance of the rebel army, and that the rebels had been defeated. The report was not known further than that. The division had been worsted, General Negley badly wounded, and two Colonels killed. Bragg seems to be slowly retreating toward Atlanta, and has been heavily reinforced from Richmond. Eight hundred deserters (mostly Tennesseans) from the rebel army passed through the city yesterday, and a considerable body of troops, cavalry and infantry, passed through the same place, having been sent back to protect the Nashville and Chattanooga Railroad." We shall not be surprised at any word to hear of a terrible battle at Rome or Atlanta between these two armies. It is believed that Bragg has been defeated, and that the rebels have been sent back to Richmond and Lee's army.

**ROBBERS AND APPRAISAL.**—A soldier, belonging to a Michigan regiment of infantry, in a house at the corner of Third and Second streets, was robbed of \$50 by a girl named Jennie Smith, alias Rivers, yesterday. Discovering her loss, the soldier accused them of stealing his money, which created a difficulty. The women of the house beat him with porter bottles, seriously wounding him, and then, being unreasonably ejected from the house, he was taken to hospital No. 10 in a very critical condition. The soldiers of the hospital, indignant at the outrages perpetrated upon him, went to the place and broke the furniture and glasses to pieces. Things in and around the house were demolished generally. Two men were afterwards arrested for disturbing the peace and breaking the furniture. They were taken to jail. Jennie came to the jail and gave herself up.

A gentleman informs us that recently he was passing over the Bardonia turnpike near the residence of the late General Sherman at the toll-gate at Floyd's Fork he was thrown out of his buggy on the axle and shaft by his horse coming suddenly and violently against a chain stretched across the road. It was early in the night, and there was no light nor anything else to indicate that a toll-gate was kept there, except the black chain, which of course could not be seen by the horse. We hope the display of attention in the stand and considerable merriment among the throng who observed the proceeding.

**LOUISVILLE THEATRE.—Charlotte Thompson.**—"Clouds with Silver Lining" drew another fine house at the Louisville Theatre last night, and the piece will be repeated to-night, on account of its unprecedented popularity. Miss Thompson displays wonderful talents and fine qualities in the character of the "Organ Grinder," in which these artists have been created a great impression, will shortly be produced.

A letter from Capt. T. A. Hanna, dated Clarksville, Tenn., Sept. 10th, says he has abandoned the steamer Atlantic No. 2, and engaged a steamer of the same name, and the accident has not yet reached our city, but the numerous persons who shipped upon her will probably learn more in a few days. The Captain says he will endeavor to store the freight at Canton and London, from which we infer that he is not a total loss, though the cargo saved may be that of the barges which she had in tow.

The State Fair.—It has been frequently suggested that the pony riding ring be re-opened, and at an early date during the fair. The President, Col. J. B. Smith, has been called upon by several ladies and gentlemen who have made the request. Would it not be proper and instructive to have it repeated?

Wood's Theatre.—The engagement of Miss Marian MacCarthy and Mr. Felix Vincent continues to be highly successful. The pleasing comedies of the former and the fine humor of the latter are very attractive. This evening the performances will consist of the comedy of the Married Rake and the drama of Ireland as it Was. A new drama, written by the author of the "Organ Grinder," in which these artists have been created a great impression, will shortly be produced.

Smith, has been called upon by several ladies and gentlemen who have made the request. Would it not be proper and instructive to have it repeated?

Wood's Theatre.—The engagement of Miss Marian MacCarthy and Mr. Felix Vincent continues to be highly successful. The pleasing comedies of the former and the fine humor of the latter are very attractive. This evening the performances will consist of the comedy of the Married Rake and the drama of Ireland as it Was. A new drama, written by the author of the "Organ Grinder," in which these artists have been created a great impression, will shortly be produced.

A letter from Capt. T. A. Hanna, dated Clarksville, Tenn., Sept. 10th, says he has abandoned the steamer Atlantic No. 2, and engaged a steamer of the same name, and the accident has not yet reached our city, but the numerous persons who shipped upon her will probably learn more in a few days. The Captain says he will endeavor to store the freight at Canton and London, from which we infer that he is not a total loss, though the cargo saved may be that of the barges which she had in tow.

The State Fair.—It has been frequently suggested that the pony riding ring be re-opened, and at an early date during the fair. The President, Col. J. B. Smith, has been called upon by several ladies and gentlemen who have made the request. Would it not be proper and instructive to have it repeated?

in the old established business on the north  
corner of Market street, between Floyd and  
Broad, is prepared to supply bakers and other parties with Cakes,  
Candies, and Confections of all kinds at the shortest  
notice and upon the most reasonable terms. His  
stock is fresh and unusually complete and varied. All  
orders promptly filled.

**THE GREAT WESTERN**  
**Sugar Mill**  
**FARMERS AND MERCHANTS**  
CALL ON THE FOUNDRY, SOUTH  
of Main street, between Twelfth and Thirtieth  
streets, this Mill, which we do not hesitate to say  
is the best in the West.

**ALL OTHER MILLS COMBINED**  
This mill is heavier than other mills of the size, and the extra weight is placed on the important parts of the mill, such as the journals, boxes can be taken out, cleaned, re-oiled, &c., and replaced without the loss of time. The mill is made of the best material, and the mill which have not this improvement. The mill is light and neatness, combined with strength and durability. And all who have used the mill do not take in saying it is the best mill in use.

**Price \$75-Liberal discount to dealers.**
